

# Tenant Pro

## COMPLETE

Set to launch on June 1, 2010, the NEW Tenant Pro Complete is loaded with new upgrades and features.

**You can't miss it!**

TenantPro 7 has undergone MAJOR changes and upgrades over the last few months! Our developers have been working hard to incorporate customer-recommended changes as well as to implement new functionalities and enhancements. **The result: TenantPro Complete!!**

### NEW ENHANCEMENTS INCLUDE:

#### Updated Architecture

##### **You can now run TenantPro with Microsoft SQL!**

TenantPro Complete runs with Microsoft SQL instead of just Access, maximizing stability and enhancing performance.

##### **Compatible with Windows 7**

TenantPro Complete is fully compatible with Windows 7 and has earned a Microsoft logo to prove it!

---

#### Web Access

##### **Fully market your vacancies with our updated marketing module!**

Our full marketing module is integrated with your software and allows you to use online tools to market your vacancies!

##### **Relax During Rent Week!**

Take a break during rent week and allow your residents and our software to do all the work for you! Our new Electronic Payments functionality allows your residents to pay rent and other charges online! Even better, those payments will post to the residents record within your TenantPro software and the applicable bank account.

---

#### Enhanced Reporting Functionality

##### **Look deeper into your financial reports**

TenantPro Complete offers drill-down capability on most financial reports. This will allow immediate access to transactions making up the value displayed on the report.

##### **Design custom lists!**

Need a complete list of your residents e-mail addresses? Want to know everyone's vehicle information? No problem! Our NEW custom list designer provides you the ability to extract data from key data elements within your database.

##### **Save time on report creation**

Don't waste any more time creating the same reports month after month! TenantPro Complete has the ability to allow you to save your frequently used report settings, saving you time and energy in generating similar reports in the future.

---

#### **Don't wait! There's never been a better time (or a better software!) to start!**

**New customers:** Buy today and save 20% off retail!

**Current customers:** Upgrade today and receive 20% off your upgrade plus ....(not sure what)
